

McConnell Homeschool Support Group

The McConnell Homeschool Support Group was created by a group of homeschooling parents who wanted a place where both kids and parents could meet on a regular basis and support each other. It is open to all base-connected homeschool families and all beliefs are respected.

McConnell Homeschool Support Group

What we do

This group meets monthly with the students and parents and does something educational together. We have met with the Honor Guard to learn about flags and flag etiquette and have had a group science fair. Usually there is an activity for the students and the parents also discuss topics of interest.

Once every 3 months the parents meet for a more informal, social gathering. If you would like to join the Facebook page where we post the meetings, please contact one of the parents in the group or **Kelley Graham**, School Liaison Officer and we will add you.

The Library offers an opportunity to go on field trips in the community and do hands on learning. Please contact **Gretchen Huber**, Program Coordinator at 316-759-4243 for more information.
